

## Summer School 2025

### Rainforest: Where the Wild Things Are

#### <Rainforest>

Let's go on an exciting adventure to the rainforest, where we can enjoy learning about the exotic environment, plants, animals, survival skills and why rainforests are so important on planet Earth. Children will explore the layers and habitats of the rainforest and the creatures that call them home. By the end of the summer school program, participants will have a comprehensive understanding of the rainforest's ecosystems, the unique creatures and plants that live there, and the urgent need to protect this vital environment. They will also have built lasting memories through an interactive rainforest, creative projects, and teamwork! Why not come to Wagoland, and get ready to be inspired and motivated to learn about our planet's precious rainforests.

**年齢** 幼3歳～ \*小学生はお問合わせください。  
**日程** 7/22(火)～25(金)  
**場所** Wagoland International School  
**締切** 定員になり次第  
**金額** 45,000円(税込)ランチ付き

#### Daily Schedule

10:00~11:00 English

11:00~12:00 PE

12:00~13:00 Lunch

13:00~14:00 Art & Craft

#### Day-1

**Rainforests Fun**  
Come and join the fun exploring all about what, where, why rainforests are magical and important. Children will also learn about the location of the Amazon rainforest.

#### Day-2

**Secrets of the rainforest**  
Children will learn all about famous and rare rainforest creatures, great and small, who make the rainforest their home in glorious ways. Join us to take a closer look at the fascinating world of animals in the rainforest!

#### Day-3

**Scent of the jungle**  
Children will learn about the role of rainforest plants in producing oxygen and storing carbon and also learn ways to protect the rainforest. Children will also discover and examine tropical plant leaves and flowers.

#### Day-4

**Adventure Time**  
Let's take an exciting trip to the Wagoland realistic rainforest indoor park. It will be a wonderful time to move around, counting and name off all of the plants and animals, reenacting the sounds, and movements of the animals. Let's get thrilled, let's enjoy as we imagine all of the beautiful creatures, plants and nature through fun-filled lessons and delightful activities.
